**Bullard announces the advanced Bullard
Firedome UST Series of traditional fire
helmets.**

The new UST is more of everything the fire service demands from fit and function to durability and delivery.

Added Value

Unmatched Durability

The UST outer shell is made of Thermoglas® creating a new standard that is truly Bullard Tough™.

Dual-Purpose Urethane Foam

Stable high-heat foam providing superior impact/penetration and heat insulation.

New Brass Eagle

The Stars and Stripes Eagle speaks volumes in tradition and patriotism in the US fire service, capable of accommodating every leather front on the market today.

Bullard Bourke Eyeshields

The look departments want and available in NFPA compliant versions as well when purchased with Bullard ESS goggles. 4" and 6" Faceshields also available.

Leather Fronts

A complete new line of 6" fronts in more colors, styles, and compatibility with any traditional helmet.

New Bullard Website Leather Front Order Form

Leather front ordering has never been easier.
www.bullard.com

Amazing New Fit

Improved designs in a removable brow pad and ear cover make this UST the most comfortable low riding traditional in the industry.

Maximum Visibility

Retaining reflectivity at 500° F, 3M Scotchlite® striping delivers important visual identification even in extreme heat.

Quick, Easy Sizing

Bullard's Sure-Lock® ratchet headband has been copied but never equaled for simplicity and versatile comfort and fit.

Couple these new features and benefits with Bullard's unequalled delivery and service and the new UST Series sets the standard for the industry.
